

CMEF 2020

Post Show Report

The 83rd China International Medical Equipment Fair (CMEF 2020)

The 30th International Component Manufacturing & Design Show (ICMD 2020)

2020 International Intelligent Health Expo

International Rehabilitation and Personal Health Show

International Elderly Care and Nursing show

The background of the page features a collage of images. At the top, there are several bouquets of red roses tied with red ribbons. Below these, a large red banner is visible, featuring the CMEF logo and the text 'China International Medical Equipment Fair'. The banner also includes the Chinese text '国际智慧健康展' and 'CMEF 中国医疗器械博览会'. The banner is draped over a structure, and the background is a mix of blue and red hues.

High-end Forums

「iCMEF」

Online Platform for the Global Healthcare Industry

iCMEF provides online exhibition services that integrate scientific and technological innovation, academic exchanges, business matching, insight into trends and exhibition services for the global healthcare industry.

- ❖ Innovation and Technology Showcase: 10,000+ products, 4,000+ enterprises, 500+ new arrivals
- ❖ Precise Business Matching: Better supply-demand linkage
- ❖ Insight into Industry Trends: Panorama of medical device industry
- ❖ Tailored Exhibition Services: Favorite enterprises and product and provide online/offline guidance
- ❖ Academic Exchange: Live stream summits offer cutting-edge scientific and technological information

Online Space

「iCMEF & China Machine Press」

“iCMEF&China Machine Press” is a reading club initiated by Reed Sinopharm Exhibitions and China Machine Press. It brings together a diversity of offerings from CMEF and China Machine Press' New Knowledge Series of healthcare, including paper books, e-books, audio books, paid knowledge products, live-streamed micro-lectures, and training sessions. A bond has been established between the academy and readers from the field of big health. A multi-dimensional and multi-format platform has taken shape to facilitate resource sharing.

❖ New Knowledge Series of Healthcare (3rd Edition)

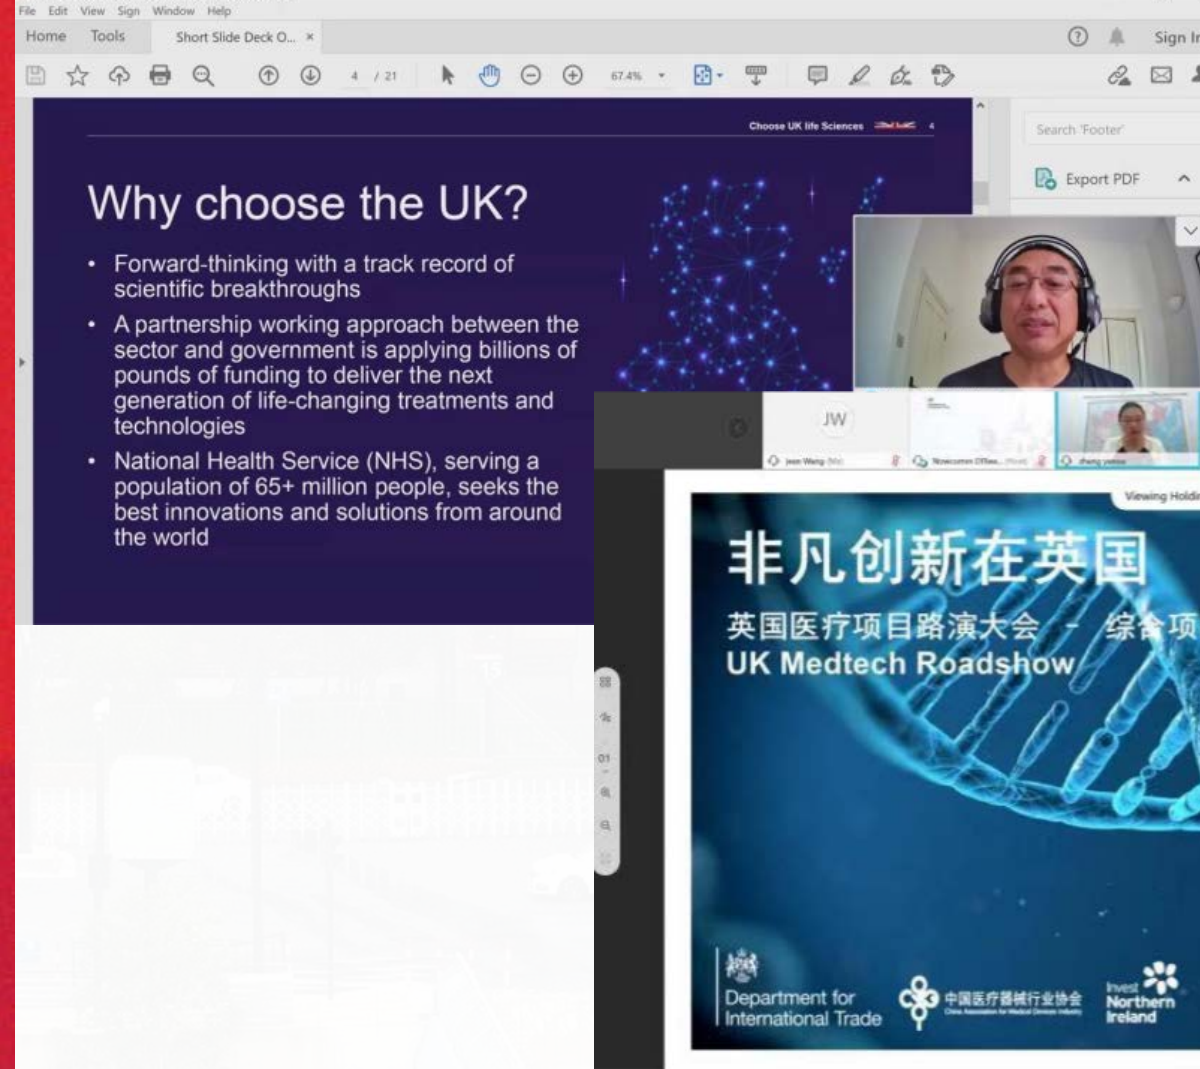

- "Smart Hospital-Technological Innovation and Industrial Ecological Construction"
- "Hospital Management Reconstruction-Construction of a Patient-Centric Service System"
- "Medical Value-New Direction of Hospital Transformation"
- "Brand Value-Revolutionary Transformation of Mayo Medical Brand"
- "New Medical Infrastructure-New Opportunities for Industrial Development"
- "Medical Investment-Thinking, Strategy and Method"

Cool works with

Topic: MedTech Innovations in the UK- China market overview

- Opportunities for partnership and investment with Chinese companies
- Presentations from UK companies successful in the China market
- Insights into Chinese buyer demand through Q&A session

On-site live streams are presented by **CMEF team** with **China Machine Press**, **Economic Daily** and **ce.cn**, where industry gurus, business elites, and opinion leaders had conversations that offered insights into market changes, development trends, and the industry's future.

China is back in business and home to the world's second largest medical devices market that continues to enjoy double-digit growth, and the demand for innovative and high-end devices is particularly strong. CMEF is country's largest medical device fair and the first major exhibition to go ahead in the sector of medical equipment exhibition since Covid-19.

- **300** overseas enterprises from Germany, the USA, Japan, France, Malaysia, UK, Australia, Belgium, Denmark, Poland, Korea, Singapore and Thailand who have exhibited by their local office or agencies.
- Covering **40,000**sqm exhibition area.

Tencent Healthcare Launch Ceremony for New Products

Tencent announced a plan to set up an open lab aiming to help the industry incubate medical AI applications in large numbers. Tencent Miying (Tencent's medical AI system) released its brand-new cloud-based offerings, including an AI-powered triage and diagnosis assistance system, a tumor assistant, and a smart healthcare solution. In addition, Tencent Healthcare showcased quite a few other innovative products and solutions, such as a smart system for medical security.

JD Health: Internet + Healthcare

JD Health held a launch ceremony for its Internet + healthcare strategy. It presented solutions for Internet hospitals, family doctors, and medical equipment supply chains, hoping to provide more partners with smarter solutions and give more patients access to premium medical resources.

「13 Companies」

- ❖ JUSHA, SINO MDT, QJ REHAB, HOPPE, VISHEE, Heal Force, XIANGYU MEDICAL, Longest, AEONMED, Olympus, TianSong, Eaglescope and DUKON, covering fields of rehabilitation, medical electronics, medical optics and medical imaging.

「5 Buyer Groups」

- ❖ Shanghai Ying Ling Medical Imaging Diagnostic Center, Lancet Medical Group, Henan Institute of Rehabilitation Medicine, Shanghai Donglei Brain Hospital and Shenzhen Zhiyuan Doctor Group.

The Procurement Conference announced the procurement needs of the Private Doctor Group onsite, focusing on the categories of rehabilitation, orthopedic, oral and other products. The real-time business matchmaking with exhibitors has received a huge response.

Public Health System Construction Summit and IVD Session

Main Topics

- ❖ How we can create an efficient public health emergency response system?
- ❖ How we can further optimize medical resources, build high-quality hospitals, set up a tiered diagnosis and treatment system, and put in place an effective direct reporting system for major diseases?
- ❖ How 5G, AI, and the Internet can be leveraged to facilitate upgrading medical equipment?
- ❖ How medical equipment can be deployed in a balanced way that takes proper care of needs in times of both health and pandemics?
- ❖ What trends reign supreme in R&D for medical equipment?

Honor Speakers

- ❖ Dr. Yanping Zhang, Deputy Director of the Public Health Emergency Center of the Chinese Center for Disease Control and Prevention (China CDC).
- ❖ Dr. Tongyu Zhu, President of the Shanghai Public Health Clinical Center
- ❖ Dr. Shiyuan Liu, President-Elect of the Chinese Society of Radiology and of the Asian Society of Chest Radiology
- ❖ Dr. Xiaoyuan Feng, former Dean of Shanghai Medical College Fudan University
- ❖ Executives of GE Healthcare, Siemens Healthineer, Philips Healthcare, Neusoft, United Imaging, Wondfo, MGI, Haier Biomedical, etc.

**CMEF China-Europe Health Association High-level Forum
on Medical Equipment and IVD**

The forum looked into the future of the IVD industry in the post-pandemic era. Participants talked about the latest achievements, trends, and investment opportunities in this industry. Most of the forum was a roundtable, which was accompanied by keynote presentations. The forum was made up of four sessions, i.e. policy interpretations plus industry insights, CEO conversations, digital empowerment, and investments.

**2020 Workshop on Frontier in
Biomedical Ultrasound (CUMB2020)**

CUMB2020 was hosted by the Medical Ultrasonic Engineering Committee of the Chinese Society of Biomedical Engineering, the Instrument Engineering Development Technical Committee of the Chinese Association of Ultrasound in Medicine and Engineering, the Biomedical Ultrasonic Engineering Committee of the Acoustical Society of China, and the Ultrasound Technical Committee of the Shanghai Society of Biomedical Engineering. At the workshop, participants engaged in discussions about frontier developments and clinical applications in the field of biomedical ultrasound.

Forum on Smart Chips and Medical Equipment

This was the 5th online Forum on Smart Chips and Medical Equipment, which promoted cooperation as well as exchange in the medical AI industry, drove this industry forward, and powered technical innovations. Participants discussed how the likes of smart chips, AI, and deep learning were used in the medical field and where they were heading.

2020 Forum on the Strategy and Cases for the Internationalization of Traditional Chinese Medicine

Jiang Yimao, a section chief from the Department of Service Trade and Commercial Services under the Ministry of Commerce, delivered a speech entitled "Work Faster to Internationalize Traditional Chinese Medicine as a Driving Force for China's Global Strategy". In the speech, he analyzed all kinds of problems and trends in the internationalization of traditional Chinese medicine from a strategic perspective, proposing solutions and policy extensions in terms of international trade. This was the 5th online Forum on Smart Chips and Medical Equipment, which promoted cooperation as well as exchange in the medical AI industry, drove this industry forward, and powered technical innovations. Participants discussed how the likes of smart chips, AI, and deep learning were used in the medical field and where they were heading.

A total of **129** media published reports, covering many national key medias.

变局vs新局——新格局时代

时间：2020-10-14 作者：[未显示]

内容摘要：

10月19日，以“创新科技 智领未来”为主题的第83届中国国际医疗器械展CMEF医博会(上海)拉开帷幕。届时，展览面积将超过22万平方米，4000余家品牌企业参展，预计吸引超10万名专业观众。同期还将召开60余场学术论坛和会议，有300余位意见领袖，为健康产业带来数场思想盛宴。

10月19日，以“创新科技 智领未来”为主题的第83届中国国际医疗器械展CMEF医博会(上海)拉开帷幕。届时，展览面积将超过22万平方米，4000余家品牌企业参展，预计吸引超10万名专业观众。同期还将召开60余场学术论坛和会议，有300余位意见领袖，为健康产业带来数场思想盛宴。

作为新冠肺炎疫情发生以来，首个世界级别的医疗器械展，本届CMEF备受行业内外关注。

突如其来的新冠肺炎疫情，让全球经济面临新的挑战。我国经济二季度发展虽由负转正，但发展格局。在新格局下，经过新冠肺炎疫情洗礼的中国医疗器械行业将迎来怎样的变化和调整？又将开启何和新局？透过本届CMEF，或可窥一斑。

保“弹药”供应：凸显后勤保障重要性

翻开此次CMEF展商名册，有不少熟悉的名字。曾在战“疫”斗争中写下难忘一页的救护车、呼吸机、监护仪、除颤仪、输液泵、数字X射线DR、超声仪、X射线CT等医疗设备的需求迅猛增长，医疗器械产业的任何“战斗”，都少不了武器装备。在抗疫一线，医疗器械更是医护人员“战斗”中“最重要”的物资保障。在这场战“疫”之初的主战场湖北，各家医疗器械企业克服春节假期停工减产等不利因素，迅速向湖北
